Foreign athletes MAY NOT participate in District, Regional Qualifier, or National Championship meets other than the Club Championship.
 - iii. Unless otherwise noted (i.e. decathlon, heptathlon, etc.), all events are open to male and female competitors. Notwithstanding, all competitors on a relay team must be of the same gender.
- 4. Event Limitations – In Track and Field, a competitor in the 8-Under, 9 Year Old, 10 Year Old, 11 Year Old, or 12 Year Old age divisions may enter a maximum of three (3) events. Competitors in the 13 Year Old, 14 Year Old, 15-16 Year Old, or 17-18 Year Old age divisions may enter a maximum of four (4) events. These event limitations include relays, but do not include multi-events. Entry in a relay, either as a principal or an alternate member, will be considered as entry for the purpose of this rule. **Those athletes who qualify in certain events for National Championship meets are eligible to compete in only those events during the applicable meet.**
- 5. Uniforms – In all events, competitors must wear clothing that is clean, designed and worn so as not to be objectionable. The clothing must be made of a material that is not transparent even if wet. Bare midriffs are not allowed. If the uniform is of a two-piece design (top and bottom), the top must either be tucked into the waistband or cover the waistband when the athlete is standing erect. A one-piece uniform must not allow for a bare midriff. Athlete’s tops must be of the same color front and back. All participating team members must wear jerseys/tops of the same color, front and back. At Regional Qualifier and National Championships, all team participants shall wear shorts of the same color, or, in the case of one-piece uniforms, the bottoms of team uniforms should be of the same color. A competitor must wear footwear on both feet. The competitors must not wear clothing that could impede the view of the judges, except in cross country, when the weather is cold.
- 6. National Records – AAU Track & Field National Records may be established at any licensed AAU event once the information is certified and verified. A National meet record may only be established at the AAU National Cross Country, AAU National Indoor Championships, AAU Las Vegas National Championship, West Coast Nationals, AAU Club Championships, and AAU Junior Olympic Games meets.

d. **Competition Types**

i. **National Championships**

6. A finish recording system, as described by rule 165 in the USATF competition rules, producing a photograph or film depicting place and time, shall be used for all National Championship meet events. This system shall be activated by the starter's pistol.
7. Approved measuring equipment shall be used to verify the weight of throwing implements, as well as the length of attempts, heights, etc., for all throwing and jumping events contested.
8. Throwing implements, starting blocks, and relay batons will be furnished by the national meet host and/or AAU Track & Field Program; this does not preclude the use of the athlete's own implement if they meet the required weight and measurement specifications. When accepted, implements become the property of the meet until that event has been completed. Competitors must provide their own **pole vault poles**.

ii. **Outdoor Track & Field**

1. Authorized Individual Events – Unless otherwise noted, the following events are authorized for competition and **MUST BE CONDUCTED AT DISTRICT, REGIONAL QUALIFIER, AND NATIONAL CHAMPIONSHIP MEETS**. At District Championship Level, the District Sport Director with approval of the Regional Qualifier Program Liaison may elect to authorize the meet director to advance to the steeplechase, pole vault, and javelin competitors if the facility and/or host team is unable to accommodate such event(s). Athletes who did not compete in a District Qualifier will only be eligible in the pole vault, javelin, steeplechase, and multi-events if the aforementioned events were not contested on the District Level. Relay teams must be declared on the Regional Qualifier

Level. Each participant/athlete must register and pay to enter a District Qualifier regardless of participation and/or waiver in order to be advanced to the Regional Qualifier.

2. Running Events

- a. Running events, where feasible in non-championship meets, will conform to these specifications.
- b. The 800m and 4x800m relay shall be run with a 1-turn stagger, and run in lanes up to the entrance to the following straightaway, which shall be appropriately marked. The maximum per heat shall be sixteen (16). When the number of the competitors exceeds the numbered lanes, the excess competitors shall share the even-numbered lanes starting from lane 8 working into lane 2. At the National level, twelve (12) competitors may advance to the finals of the 800m, at the sole discretion of the National Championship Meet Director.
- c. Events up to and including 400m shall be run entirely in lanes.
- d. The 4x400m relay shall be run with a 3-turn stagger. The first leg shall be run in lanes; the runner of the second leg shall be free to take over any position on the track at the entrance to the following straightaway, which shall be appropriately marked.
- e. In individual races up to and including in 400m, and relays up to and including the 4x400m, the number of competitors on the track in a race, at the start, shall not exceed the number of lanes on the track for that event, excluding all lanes which would not qualify for record purposes.
- f. Unless otherwise provided within the Rule, no fewer than three (3) athletes from any one heat shall advance to the next round of competition.
- g. In events of 1500m or longer, the Games Committee shall determine the number of qualifiers and the basis the qualification, within the following guidelines.
 - i. At least one-half of the qualifiers for a succeeding round in any event shall be on the basis of time.
 1. If more than 20 report for the 1500m run, more than 24 report for the 3000m or 2000m Steeplechase, heats shall be run.

2. If heats are run as required in this section, then there shall be no more than 12 in the final run.
 - h. At the District level, all events of 200m or longer may be run as timed finals. At the Regional Qualifier level, all events of 400m or longer will be run as timed finals.
 - i. In events where timed finals are run, sections shall be seeded by using the performance list to place the faster runners in the same section with the slower section followed by the faster section.
 - j. In all races around turns not run in lanes (1500m and longer), the starting line shall be curved up that wherever it occurs on the track, all runners start the same distance from the finish; this is called a “waterfall start”. Running “alleys” may be used.
 - k. False Start Rule: Except in combined events, any competitor(s) responsible for the false start shall be disqualified and a red card/flag shall be placed on the respective lane marker(s), or raised in front of the respective athlete(s). For the 8-Under, 9 Year Old, 10 Year Old, 11 Year Old, 12 Year Old, 13 Year Old, and 14 Year Old age divisions, no penalty shall be imposed for the first false start but the starter shall disqualify the offender for the second false start. False starts are called on individuals, not the field.
 - l. Starting blocks are optional for all age groups except the 15-16 Year Old and 17-18 Year Old age divisions in the AAU Track & Field Program. The 15-16 Year Old and 17-18 Year Old age divisions must use starting blocks for the 100m, 200m, and 400m races and the first leg of all relays where that leg does not exceed 400m. This includes 100m, 110m, 200m, and 400m hurdle races.
 - m. Running Lanes
 - i. When a race is run in lanes, competitors are expected to run the entire race in their assigned lanes.
 - ii. Competitors, who inadvertently run out of their lanes on the straightaway, or in the lane outside on a curve, are not in violation provided they do not interfere with or impede another runner, or gain a material advantage.
 - iii. On the straightaway, a runner cannot gain an advantage but must finish in the assigned lane or face disqualification.
 - n. A competitor who runs around or trials the leg or foot below the horizontal plane of hurdle at the instant of clearance, or jumps any hurdle not in his/her own lane or who, in the opinion of the Referee, deliberately knocks down any hurdle by hand or foot shall be disqualified.
3. Authorized Relay Events – Relays are conducted in the 8-Under, 10 Year Old, 12 Year Old, 14 Year Old, 15-16 Year Old, and 17-18 Year Old age divisions only. The 9 Year Old age division may run in the 10 Year Old age division, the 11 Year Old age division may run in the 12 Year Old age division, and the 13 Year Old age division may run in the 14 Year Old age division only in relays.

Age Division	Relay Events
8-Under	4x100m
10 Years Old	4x100m, 4x400m
12 Years Old	4x100m, 4x400m, 4x800m
14 Years Old	4x100m, 4x400m, 4x800m
15-16 Years Old	4x100m, 4x400m, 4x800m (Sprint Medley – 200, 200, 400, 800; Club Championship Only)
17-18 Years Old	4x100m, 4x400m, 4x800m (Sprint Medley – 200, 200, 400, 800; Club Championship Only)

- a. Qualification of a relay team at the District or Regional Qualifier meet entitles the club represented by that team to enter a relay team in the same event at the next level of competition. The make-up of the team need not be the same throughout the various levels until you get to the AAU Junior Olympic Games. Notwithstanding, the relay team members must be from the same club and of the same age division and gender and must have competed in the District or Regional Qualifier to be eligible to be entered as a primary or alternate on the relay. Athletes cannot represent their club as a member or as an alternate member on more than one relay team for the same relay event. At the AAU Junior Olympic Games level, no athlete will be added to a relay roster unless there are already entered into the meet and changes will only be allowed to be made at onsite Packet Pick-Up.

4. Relay Races

- a. Participation of relay teams shall be limited to those clubs which hold current valid membership in the AAU prior to their District Championship. Relay team members must be members of the club they represent and of the same age divisions and gender.
- b. Relay teams shall consist of four (4) members plus up to four (4) alternate members, for a maximum of eight (8) total from the same club, to be declared at the time of entry into each meet.
- c. Clubs must qualify teams in the Regional Qualifier meet, AAU Primary National Championship, AAU Club Championship, AAU West Coast National Championship, or Las Vegas National Championship.
- d. All participating team members must wear jerseys (tops) and shorts (bottoms) of the same color at Regional Qualifiers and National Championships.
- e. After a relay team has started in a competition, only FOUR (4) alternate athletes may be used as substitutions in the competition of the team for subsequent rounds. Substitutions in a relay team may only be made from the list of athletes from the same club, declared for that relay. The composition of the team and the order of running must be declared before the start of each round of the competition. Once an athlete, who has started in a previous round, has been replaced by a substitute, that athlete may not return to the team in that meet.
- f. The baton must be passed within the take-over zone. The passing of the baton is complete at the moment that it is in the hand of the receiving runner only. Within the take-over zone, it is only the position of the baton which is decisive, and not the position or location

of the body limbs of the competitors. **Throwing the baton following the finish of any relay will result in the team being disqualified from the event.**

- g. The starting lines and take-over zones shall be staggered by measurements to compensate for varying distances of lanes run around curves (all relay races shall be run as competitive events, in heats at all levels of competition except the National Championship meet). The 3200m relay at the National Championship may be run in sections or a time basis.
5. Steeplechase – The steeplechase shall be 2000m with 18 hurdle jumps and 5 water jumps each with an approximate interval of 78m. Each full lap (approximately 390m with water jump inside track) shall have Hurdle #1, #2, #3, water jump, and Hurdle #4. The first lap shall consist of Hurdle #3, water jump, and Hurdle #4 with Hurdle #1 and #2 being placed on the track after the runners have passed these locations on the first lap. A safe distance of approximately 68m should exist from the final hurdle to the finish line. On tracks where the water jump exists to the outer side of the track, equal adjustment of hurdle intervals shall be allowed and alteration of the start and/or finish line is permitted so long as the proper total distance and number of required jumps are accomplished.
- a. **Note:** For meets where facilities do not exist for a water jump and/or steeplechase hurdles, the use of 33” hurdles in place of barriers with one hurdle set having perhaps a layer of 2” of sand in the grass to the inside or outside of the track for the effect of stimulating the difficulty of the water jump. Sand should be placed 12’ out from the hurdles. In such cases, place three (3) hurdles across to get the required width of the typical barrier.
6. Outdoor Meet Hurdle Races

7. Formation of Heats & Lane Assignments

- a. Declared contestants for each event shall be listed on the performance list, with the fastest times first. Contestants without valid seeding times should be listed in random order at the end of the list.
- b. The declared contestants will be assigned to the preliminary heats in the order in which their names are listed on the performance list, working alternately from left to right and right to left. The only exception to the above is when this procedure would cause unequal distribution of members from the same club. In this event, the slower athletes should be moved to another heat, interchanged with a competitor with the nearest comparable time as listed in the heat.
- c. Lanes shall be drawn by lot. For all rounds, in the events not run in lanes, position at the starting line will also be drawn by lot.
- d. If all heats do not have an equal number of competitors, draw by lot to an assigned heat.
- e. For subsequent rounds, use the following appropriate chart to determine the number of heats required and method of selecting athletes.

- f. To form subsequent heats:
- i. Weight place first.
 - ii. Weight time second.
 - iii. Seed each group of a place winner as a unit by the times. Seed winners, then seed second places, etc. Work left to right, then right to left.
 - iv. If the members from the same club are not equally distributed, to adjust see Running Events Formation or Heats & Lane Assignments.
 - v. If all heats do not have an equal number of competitors, draw by lot to an assigned heat.
 - vi. Heat order is drawn by lot.
 - vii. For assigning lanes, two draws are made:
 1. Draw for lanes 3, 4, 5, and 6 for qualifiers with four (4) best times.
 2. Draw for remaining lanes for remainder of qualifiers.
 - viii. Where other than eight (8) or nine (9) lanes exist, modify procedures as appropriate.
 - ix. **TIES:** In all running events, and in all field events, ties for the last qualifying place for advancement from Regional Qualifier to National Championships must be received at the level in the same manner as ties for first place by competition only (do not flip coins). Refer to USATF Rule 74, Ties.

***For a list of authorized field events by age group for the AAU Track & Field Program, please refer to Authorized Individual Events of this Handbook.**

- b. In all field events other than the High Jump and Pole Vault:
- i. For Regional Qualifiers and National Championships, competition shall consist of three (3) preliminary attempts followed by three (3) final attempts (3 plus 3 rule). In all other competitions, the local games committee will determine whether to apply the “3 plus 3” rule or a total of four (4) attempts.
 - ii. When there are eight (8) or fewer competitors, all shall be allowed six (6) trials, even if none of the first three (3) are fair. If there are more competitors than there are lanes on the track, each competitor must have a valid qualifying mark to advance to the finals.
 - iii. The order of competition for the final three (3) trials shall be in reverse order of the best performance in the first three (3) trials.
 - iv. Each competitor shall be credited with the best of all his/her attempts in the competition proper, including jumps or throws taken to break first-place ties.
 - v. All competitors shall take the first trials in order; then all shall take the second trials in like order, etc.
- c. Pole Vault
- i. A competitor shall not use a training pole, a pole which is improperly marked, or a pole rated below his/her weight during warm-up or competition. Prior to warm-up, the Inspector of Implements shall inspect each pole to be used in competition to verify that the poles are legal equipment. **The Competitor’s weight shall be at or below the manufacturer’s pole rating.**
 - ii. It is the responsibility of the coach or parent to verify the competitor will use a legal pole rated at or above his/her weight. All pole vault athletes will be weighted at the pole vault area and must match the pole. Due to the large number of vaulters, the AAU will not follow USATF Rule 302-5i.

1. **Note: The manufacturers must include, on each pole, a pole rating that shall be a minimum of ¾" in contrasting color located within or above the top handhold position with the exact position determined by the manufacturer.**
 - iii. A competitor who has passed three (3) consecutive heights after competition has begun may be permitted one (1) warm-up jump without the crossbar in place. The warm-up jump must be at a height change and the athlete must enter competition after the warm-up. It is the athlete's responsibility to request a warm-up jump.
 - d. Check-in Procedures – Field Event athletes should report to the chief official of that event, no less than thirty (30) minutes prior to the scheduled start of that event. Athletes, who fail to report prior to the complete of the first attempt of their designated flight, **will forfeit their ability to compete in that event.**
9. Multi-Events – NOTE: In order to promote larger participation in combined events (triathlon, pentathlon, heptathlon, and decathlon), it is strongly suggested that the Multi-Events Championships be held on a date other than that of the Track and Field Championships.
 - a. Order of Events
 - i. It is recommended that the order of events in the Multi-Events remains as listed in this handbook.
 - ii. The order of events may change as deemed necessary by meet management.

 - a. Individual qualification for the National Championship requires advancement through an AAU District Cross Country Qualifier. **ALL** athletes who participate in a District Championship Qualifier in each age division qualify for the AAU National Cross Country Championship.

6. Guidelines for Meet Operations

- a.** Owing to the extremely varying circumstances in which Cross Country running is practiced throughout the United States, especially in regard to different seasons and climatic conditions, it is impossible to lay down any rigid legislation governing terrain and climatic conditions. The Cross Country season should normally extend throughout the fall after the close of Track and Field season until the next AAU Cross Country National Meet. Cross Country is basically a team sport, but participation is not limited to teams, and individual entries will be accepted.
- b.** The following guidelines, however, are being supplied to the assist Districts in developing Cross Country running, both as a sport in itself and as a training adjunct to long distance running and Track and Field events.
 - i.** It is recommended that facility near the running course be available for warmth and shelter in the event of bad weather.
 - ii.** Meet headquarters and/or registration confirmation and packet pick-up should be designated in a brochure accompanying the entry form and housing information.
 - iii.** Qualified medical personnel must be on hand at all times.
 - iv.** The course **MUST** be marked the evening before.
 - v.** There shall be a course walk prior to the start of the first scheduled race. It is suggested the walks be arranged to accommodate early arrivals. The last walk through should not be any later than one hour, prior to start of the first race.
 - vi.** It is suggested that you have separate leaders for each division when walking the course (keep in mind that the little kids get confused).
 - vii.** A nearby warm-up area for the runners is to be provided.
 - viii.** The course should not finish on an UPHILL or DOWNHILL area.
 - ix.** A well-marked finish line (area) **MUST** be provided. The runner must be able to see this finish area **AT LEAST** 300 yards away. Flags (colorful) and similar material are to be used throughout the area.
 - x.** The course is to be marked off with ropes and/or cone markers. The ropes are to have some type of streamer in order for runners to see.
 - xi.** Officials throughout the course, especially near gates and crucial running areas, should be easily recognized (**SPECIAL OUTER GARB – BRIGHT COLOR**).
 - xii.** An adequate number of course officials should be provided throughout the course so that flagrances and unsportsmanlike conduct can be handled. It is suggested that you have a least one official at every strategic point throughout the course (course change, turns, confusing gate, etc.). With this in mind, you should plan on at least 15 course officials in addition to the rest of your crew.
 - xiii.** Parents, coaches, and other athletes are **NOT ALLOWED** on the course at **ANY** time during the race itself that would cause them to interfere with the running of that race.
 - xiv.** It is required to have the Referee and the Jury of Appeals set up **PRIOR** to the race, so that questions and protest can be handled in an efficient and prudent manner.

- xv. Because of the importance involved, the FINSH LINE AREA is extremely crucial. It is suggested that you have at least fourteen (14) watches in use (back-up, etc.). Besides the TIMER and RECORDER, you should have at least eight (8) other people in each chute area (up front) to make sure that the proper order of finish is maintained.
- xvi. It is suggested that a pamphlet be provided for a nominal fee that will provide a very detailed description of the various courses. In the event that a pamphlet is not provided with this information, you MUST provide LARGE MAPS in the registration area for the runners to review.
- xvii. We strongly urge you to have a concession stand. In addition to being a source of income for a club, it also provides a valuable social function at the Meet.
- xviii. You MUST adhere to all the rules and regulations as set forth by the AAU National Sports Committee.
- xix. An adequate parking area should be provided adjacent to the course.
- xx. The meet director MUST be familiar with the sport of Cross Country and knowledgeable of the areas of timing and recording. Hopefully, he or she will see to it that a competent and experienced staff of workers is provided to ensure that a well-run cross country meet is provided for district runners.
- xxi. All District Meet Directors must use the same standardized entry blank furnished by the National AAU Office. If you use the tag system for proper placement of runners while in the finish chute, it is recommended that the team runners wear tags of a different color than that of the individuals.
- xxii. There will be NO separate entry fee for teams.

7. National Meet Technical Details and Requirements

- a. The starting line must be a minimum 100 yards in length.
- b. The area around the starting line must be roped off at least 20 yards behind the start line and down each side of the start area for a distance of 50 yards.
